All of our garments are made using time honoured skills and to produce a quality product takes time. Delivery will be approximately 3 to 4 weeks, to help make the process smoother, please fill in all the relevant sections and call or email us if you have any questions regarding this form.

All information is kept in the strictest confidence. All details and total price will be confirmed with you before you are charged. If you are unsure about taking your measurements or need advice regarding styles or colours, please give us a call. Our team is always ready and willing to help you.

Thank you for choosing a quality Australian made Walden Miller garment.

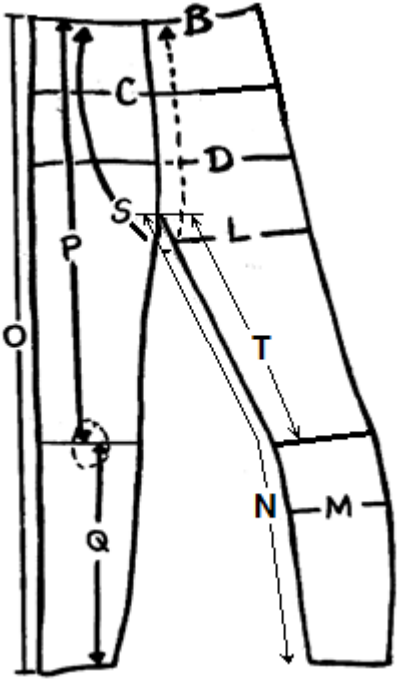

Please fill in **ALL** details as accurately as possible, it helps us to get a “picture” of what you look like.

These measurements are specifically designed for Motorcycle garments. So please do not go to a Tailor or Dressmaker, they may make too many “allowances”.

Get a dressmaking tape and a friend to help you. Stand up straight but relaxed, with arms relaxed at sides. Wear the clothing that you would normally expect to wear under the garment. Please keep in mind that thick bulky clothing that can bunch up under your armpits, in elbows, in your groin and behind knees is not ideal. Smooth close fitting garments are preferable. e.g. for warmth wear close fitting Thermals rather than a thick jumper or sweater.

The tape should be firm around you, but not tight and make sure that it is not twisted at the back. Don't “breathe in” being vain won't help the fit of your garment.

If you are unsure about anything, please call us while you are doing the measuring and we will help you.

Made To Measure									
Garment Required :					Colour :				
					B		WAIST	Around the narrowest point (usually around your bellybutton)	
					D		SEAT	Around the fullest part of your bottom and hips
